

Vinbrite Corrosion Protectives & Lubricants

Metal Working Fluids

Advanced Lubrication And Corrosion Protection

MacDermid have developed a wide range of superb lubricating oils, Greases and corrosion protective products used in general engineering. Our focus is to develop and manufacture products that are cost effective with consistent performance.

Several of the Vinbrite corrosive protection products have been designed, developed and approved by Rolls Royce to meet their exacting standards. This philosophy has been incorporated in the further development of the Vinbrite range to deliver the highest performance.

When you need lubricants and corrosion protection, count on the company that says "Yes We Can". MacDermid.

Key Features

- Family of products oil, solvent and water based
- Inter-Op, short, medium and long term corrosion protection
- De watering properties to cope with wet work
- Oily, greasy and dry to touch film available
- Economic usage - selective coverage and film thickness to suit each application
- Rolls Royce approved products available
- Range of application methods, dip spray, brush and aerosol

Vinbrite Protectives & Lubricants

Metal Working Fluids

Corrosion Protectives

Vinbrite A6	Solvent based corrosion protective, depositing a thin oil film for inter-op protection with Rolls Royce approval
Vinbrite D6	Highly refined mineral oil based inter-op corrosion protective with Rolls Royce approval
Vinbrite D12	Low odour barium metal free, solvent based protective with non sticky, dry, ultra thin film, provides 5 year corrosion protection indoors and 1 year covered outdoors *
Vinbrite 108	Barium metal-free, solvent based corrosion protective depositing a thin greasy film for medium term indoor and outdoor protection
Vinbrite 109	Barium metal-free, solvent based corrosion protective depositing a thin greasy film for long term indoor and outdoor protection

Ancillary Items

Vinbrite D6 Spray	High quality penetrating oil with anti-seize and anti rust properties
Release Wax 632SG	Low odour complex wax with efficient, clean, mould release properties
Mar-Clean 75	High temperature graphited lubricant for plunger and extrusion applications
Mar-Clean H58, H64	Quick drying, hydrocarbon solvent based cleaners
Vindie KKL	Graphited lubricating oil with MOD approval

General Lubricants

Mar-Gear 68, 220	Premium chlorine-free EP, highly refined mineral oil gear fluids
Mar-Drive 32, 46	Premium anti-wear, highly refined mineral oil based hydraulic fluids
Mar-Slide 32, 68, 220	Premium chlorine-free, highly refined mineral oil based tacky slide way fluids
Mar-Pressor 46, 68	Premium long life, highly mineral oil based compressor fluids
Mar-Grease LCEP2	Premium lithium complex grease based on highly refined mineral oil (NLGI #2)

* Also approved locally by RR as anti spatter material suitable for RPS657 Laser Cutting Process

It takes more than innovative, high performance products and superior technical service to help our customers compete and win in today's global marketplace. It takes a total commitment to understanding their needs and the ability to provide the right solutions—every time.

When success is your only goal, trust the company that says "Yes We Can."
